

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a politization of the public airwaves. Where is the fairness and balance in allowing corporations to use the public airwaves for their political agenda? It is the obligation of the FTC to enforce this doctrine of fairness and not standby and allow this kind of political manipulation of the public airwaves to occur. This program is no more than a unpaid political add for those opposed to John Kerry. Please abide by the laws. Thank you.
